

Kennett Square Eye Care

Updated COVID-19 policy

May 31, 2021

Dear Patient,

It has been a crazy year, and we are all ready to re-open fully and get back to normal! We are still following CDC and PA state COVID-19 guidelines for re-opening doctor's offices. Please read and follow our updated office policies below:

- **Our Doors are OPEN!** If you have an appointment, you are welcome to come in without calling. **Please call** if you want to stop by to pick up contacts or glasses or need an adjustment or repair.
- **Masks on please! We are still asking that you wear a mask in our office.** The CDC continues to require that healthcare facilities use masks. There are still many patients that are not vaccinated and we need to keep everyone safe.
- Pennsylvania is at full occupancy so you may see more people in our office. We will continue to do our best to keep patients and appointments spaced accordingly. Please be conscious of the comfort of others around you.
- Please do not come into the office if you are not feeling well, or have symptoms of COVID-19, or have been exposed to COVID-19. Call the office if you have questions.

Thank you for your ongoing support as we come out of this health crisis slowly and safely.

Our best wishes to you and your family and hope you have a wonderful summer!

Drs. McPherson, Mekel, Borowski and Staff
